Complainant Case No.: 2196C of 2015

11.11.2019 - Today record is put up for passing an order on the petition dated 07.09.2018 filed by the complainant of the case. Copy of the same was served to the accused persons. Defence counsel submits his rejoinder on the date 08.08.2019. Heard both the sides and perused the record. After perusal of record it appears that the record was running on before charge evidence of the complainant, but due to ill-health complainant could not produce rest of witnesses for his evidence and now he wants to produce those very witnesses. Defence counsel submits that on the date 25.08.2017 complainant's before charge evidence was closed by the court and now the record is running for charge against the accused person. So, enough time has been provided to the complainant for adducing his evidence.

Heard both sides and perused the record. After hearing both the sides, now it is clear that complainant of the case is interested to contest the case and wants to bring his evidence. It is opinion of the court that the reasonable opportunity should be given to the complainant for his evidence. So, Order dated 25.08.2017 is also recalled and the instant petition dated 07.09.2018 filed by the complainant is here-by allowed on a cost of Rs. 250/- payable to the accused persons. Put on the date 12.12.2019 for complainant's before charge evidence.
