Vs.

The Estate of testatrix

.....O.P

23.05.2025

ORDER

An amendment petition has been filed on behalf of the petitioner stating therein that due to clerical mistake plot no. 127 has been mentioned in place of 129 in the probate petition and for rectification of this mistake, the amendment of the probate petition is necessary.

Heard the learned counsel for the petitioner on the amendment petition.

This probate case is still at the stage of admission and so none has appeared on behalf of the O.Ps.

Perused the record. From perusal of record, it appears that this probate case is at primary stage and the proposed amendment is of formal and clerical nature which will not change the nature and scope of the case.

In view of above, the amendment petition is allowed. The petitioner is directed to amend the probate petition as per the prayer made in the amendment petition within statutory period.

Put up on 06/06/2025 for compliance of the order.
