

In the Court of Dr. Rakesh Kumar Singh-I, District Judge, Siwan.

Probate Case No. 10/2023

26-07-2024 No pairavi has been filed on behalf of applicant. Case Called out.

Neither applicant nor anyone turned up before the court on several calls.

Perused the case record. From perusal of the case record, it appears that this probate case has been filed by the applicant on 01-02-2023 for grant of letter of Administration(Probate) but defect has not been removed since 03-02-2023. More than 01 year, 06 months and 26 days has been passed.

Several opportunity has also been given to the applicant for removal of defects but he failed to remove the defects as yet. It shows the negligent attitude of applicant that they want to keep this case pending without any rhymes and reason, he has completely lost their interest with his own case. In the present circumstances it is not justified to carry on this case.

Hence, this case is dismissed in default.
