

M.A.C.P. NO.574/2011**ORDER BELOW EXH-1**

- (1) I have perused the record and proceedings of the present claim petition. The present claim petition is filed for compensation under the Motor Vehicle Act. The present claim petition was pending for evidence on the petitioner since long time but petitioner has not produced any oral or documentary evidence, hence, his right to file the evidence was closed vide order below exhibit 1 dated 06.05.2026. Thereafter, the matter was adjourned for the opponent evidence and pending for evidence on the opponent side but the opponents have also not produced any oral or documentary evidence, therefore, right to file the evidence on behalf of opponents was closed vide order below exhibit 1 dated 20.05.2026. Thereafter, the present petition is pending for final arguments since 20.05.2026.
- (2) The case is notified regularly in the Case Information System. Today also the present case is placed on board and is notified in the Case information system, but, neither the petitioners nor the opponents are present on callouts. The Applicant's Ld. Advocate has remained present before the Court. The present matter is more than 10 years old and is a targeted case to be tried as per directions. It appears that the applicant/petitioner has no interest in further proceedings of the petition. In absence of the evidence, proceedings of the present matter can not be decided on merits. Hence, no option left with this Tribunal but to dismiss the present petition for default. Hence, I pass following order
