

:- Order below Exh.1 :-

Heard Ld.Advocate for the insurer i.e. for the opponent No.2. He has revealed, with documentary proof, the fact that the Claimant has institutal multiple compensation petition before different M.A.C. Tribunal for the same accident. Such multiple institution of MACP is not maintainable under Indian Law and usually result in dismissed of subsequent petition. This is subsequent Petition, after the claimant filed such Petition before the Dhoraji MACT & Rajkot MACT. Such an act of the claimant seems to be an attempt to sequire double or triple benefits.

Hence, I dismiss present Claim Petition.
