

ORDER BELOW EXHIBIT-1

The present complaint was filed by the complainant to register a case against the so-called accused for the offence under section 323, 143, 149, 406, 420, 120B, 504, 506(2) and other offences. However after filling this complaint the complainant was not appearing and hence the notice was issued. Thereafter the complaint appeared and his part statement on oath was recorded on 27/02/2025 and since then the case is on recording further statement of the complainant but the complainant has not appeared before this court. Therefore the notice to the complainant was issued to remain present before this court but the said notice returned unserved with the note that the complainant is not found on the mentioned address.

When the matter was called out thrice today, the complainant did not remain present. After perusal of record of this case it is seen that the complainant has not remained present since long and therefore many dates have been lapsed without any progress in this complaint. Today also after many call outs none has remained present before this Court and it appears that complainant is not interested in the present proceedings. Therefore, on abovemade discussion and circumstances this enquiry is hereby dismissed for want of prosecution.

Order is signed & pronounced in open court today.

Date:07-03-2026
