

CMC 68/2000

01.07.2026 The case record is put up today for appropriate order as the proceeding has been lingering since 2000 and in the meantime it has been a case of more than 25 years old. Perused the case record from which it is evident that the fine Misc. case was started against the convict Ajit Singh for realisation of fine of Rs.2000/- only in connection with a judgment of 2(a)CC 180 of 1996. The record reveals that the distress warrant has already been issued to the Collector, Nuapada for recovery of the fine. Warrant has also been issued to the IIC of Jonk PS. The series of letters have been communicated to different authorities. After expiry of more than 25 years of the proceeding the fine amount imposed on the convict is yet to be recovered and no intimation has been received from the office of Collector in this regard.

In view of the above I would like to refer to the General Letter 12761XLIXD 14/75 of Hon'ble High Court of Orissa wherein specific directions have been made at Para-4 of the said letter how to deal with pending miscellaneous cases started for realisation of fine awaiting execution of distress warrant issued to the different police stations. Para-5 of the letter specifically provides the steps to be taken for disposal of such cases awaiting report from the Collector, regarding recovery of fine. In the

present case, the necessary steps have been followed intimating the Police and Collector of the District for execution of the distress warrant. In such a scenario it would be futile to keep the proceeding alive without receiving any report from the concerned authority. Therefore, I am of the view that this is a fit case to consign the case record District Record Room awaiting report from the Collector, Nuapada. Accordingly, the case consigned to the record room. Make necessary entry in the relevant register and the record keeper be intimated not to destroy the record without further instruction of the appropriate authority. Accordingly, the case is disposed off.

Dictated

C.J.M., Nuapada.
