

Again matter is taken up at 5.05 p.m. Perused the I.A.No.2 filed under order 21 R35 (3) r/w S.151 of CPC by DHR to break open the lock for taking up further execution proceedings. Heard the learned advocate on the application. Perused the case file.

As rightly submitted by DHR Bailiff could not execute movable warrant on account of door lock. It appears that JDR is intentionally putting hurdles in the execution of warrant without lawful excuse. Hence I.A.No.2 is allowed.

Reissue movable warrant to attach the movables of the JDR with further order to break open the lock.
