

**Witness present and duly sworn on 23.09.2025**

**Cross examination by Sri.RSSR advocate for Respondent :-**

I have not treated the petitioner. I have seen only discharge summary and wound certificate. I have not taken opinion from treated doctor to assess the disability. The petitioner took first aid treatment in Govt hospital, Chinthamani, thereafter he shifted to R L Jallappa hospital. It is true to suggest that normally after x-ray the wound certificate will be written. It is true to suggest that as per wound certificate of Chinthamani, there is no supporting x-rays.

2. Fractures which I have stated in my chief affidavit are not mentioned in Ex.P-7 wound certificate. As per oral instructions of the patient, he was referred to higher hospital. I have not verified old x-rays and its reports. Fractures are united. Implants are removed. I have not seen the follow up records. It is false to suggest that after discharge from the hospital, the petitioner did not undergo any follow up treatment, in order to help him I deposed falsehood regarding follow up treatment of the petitioner.

3. I examined the petitioner for 15mins. I have not mentioned the same in my chief affidavit or in clinical notes. It is false to suggest that I have not verified old x-rays while examination. I have not produced gazetted notification to support my assessment of disability. I have not enclosed

radiological report with x-ray. It is false to suggest that the petitioner is not facing any disability, hence intentionally I have not produced radiological report with x-ray. It is false to suggest that without clinical examination, I have assessed the disability of the petitioner.

4. It is true to suggest that there is no mentioned about whole body disability in the Central Govt notification. I do not know the avocation of the petitioner. I have not assessed the functional disability. It is false to suggest that the petitioner is not having any disability however, in order to help him, I have assessed the false disability. It is false to suggest that since I have not treated the petitioner, hence I am an incompetent person to assess the disability.

**Re-examination: Nil-**
