

**Witness present and duly sworn on 22.12.2025
Examination in chief by Advocate for petitioner.**

I have filed my Affidavit in lieu of my Chief-examination. The contents of the said Affidavit are true to the best of my knowledge and have affixed my signatures after going through its contents.

The documents that are produced before the court are marked as Exhibits as follows:-

Ex.P-18	OPD book
Ex.P-19	X-ray

Cross examination by Sri.VRM Advocate for Respondent no.2:-

The petitioner underwent treatment in DRM Multi Specialty hospital. I have not treated the petitioner at any point of time. I have seen the discharge summary and wound certificate. While examination, I suggested the petitioner to take x-ray. Fracture is united. There is no other complications at fracture site. Implants are in situ. It is a time for removal of implants. There is no bone loss and shortening of limb.

2. I have followed Central Govt guidelines. It is true to suggest that the range of movements in the respect of elbow and wrist are normal. Approximately 25% shoulder joint movements are restricted. It is false to suggest that though the fracture is united and there is no other complications, I have assessed the disability at 34% of left upper limb and 12% to the whole body on

the higher side. It is false to suggest that I am an incompetent person to assess the disability because I have not treated the petitioner at any point of time.

3. I have not given any estimation for implant removal. It is false to suggest that in order to help the petitioner, I am deposing falsehood before this court by filing this false affidavit.

Re-examination: Nil.
(Computerised to my dictation in the Open Court).
