

Witness present and duly sworn on 20.01.2025

Cross examination by advocate for Respondent:-

I have not seen the accident. My brother friend Tejas informed me regarding accident over phone. My brother was traveling in the car. It belongs to my father. At the time of accident the car was driving by my brother's friend. My brother was sitting beside driver seat. The driver of the car also sustained grievous injuries and he was alive. It is false to suggest that my brother was not wearing the seat belt therefore he sustained grievous injuries and succumbed.

Adjourned for further cross examination.

(Computerised to my dictation in the Open Court).
