

Witness called as per the order on I.A.No.5.

Witness present and duly sworn in on: 17.01.2025

Cross examination by Sri. Advocate for Respondent-1

I have not personally operated the petitioner. Dr. A.V. Raman has operated the petitioner, I was in his team. I was present during the operation. Tracheotomy is the tube which is used to install in the wind pipe of the neck during the operation. It is true to suggest that it is temporary arrangement during the operation, witness volunteers that it will be removed after few months. Now it has been removed. It is false to suggest that left vocal palsy is stopped working after the accident. It is not recovered. I know that petitioner has adduced the evidence orally before this Court. The voice of the petitioner is changed. It is false to suggest that I have not mentioned about the change of voice in my affidavit. It is true to suggest that petitioner is the final year student of MBBS. It is true to suggest that speech therapy has not been taken till today. It is false to suggest that the observation made in para No.6 is higher side. It is true to suggest that no medicine is advised for the treatment of vocal cord. It is false to suggest that since the petitioner is a medical student, I am deposing falsely to help him.

(Evidence deposed by the witness is computerized to my dictation in the open court).
