I do not know how many pendrives were collected by the police. I have not gone to the place of toll and I have not seen. I do not know where the car driver has stopped the car to have food. We left Bangalore in the morning and reached the place of incident during the night hours. On that day, we had taken rooms to stay. I do not know where police people and other peoples

slept. We left the room on the next day morning at 10:00am. I do not know the distance of the place of destiny. We were there in the spot for about 1 hour. When we reached the place, I have not seen who have come there and who have left the place. Public peoples were there at the place. I have not put my signature at the place to any document. PSI has written one document at the spot. I do not know who are the other persons put their signatures on the said document. That has been completed in between 10:00 to 11:00pm.
