

This court while referring the case for orders on main petition noticed that the necessary enquiry is not conducted to establish the alleged violation of court decree by the JDRs. As the DHR had obtained decree by the court in OS No.129/2013 dated 03-07-2017 for permanent injunction with respect to the suit property. Hence to consider the alleged violation of court decree it requires enquiry. Thus this case is referred back to conduct enquiry from orders.

For enquiry.
