

IN THE COURT OF PRL. CIVIL JUDGE & JMFC, AT HARIHAR.
CC 1027/2021

Duly sworn on 01.04.2026

PW 07
CW 10

Name	Dr. Nishanth Shetty
Father Name	Mulki Balachandra Shetty
Age	36 years
Designation	Assistant Professor, Yenepoya Medical college, Mangaluru
Residence	Mangaluru

Examination in Chief through VC: By Learned APP:

Since from 2020 to till now I am serving as Assistant Professor in Yenepoya Medical college, Mangaluru.

On 02.08.2020 at about 01.20 am Mr. Samiulla, aged about 31 years, R/o Malebennur, Harihar taluk approached me with history of road traffic accident on 29.10.2020. On examination I have found the following injuries.

1. Grade I diffuse Axonal injury (Head injury)
2. Multiple stable fractures of subaxial Grial. (Injury at neck)
3. Level placed aram fractures.

In my opinion the injury mentioned at Sl.No. 1 was grievous in nature and remaining injuries were simple in nature. Now I am seeing said wound certificate through VC and it bears my signature. The wound certificate identified by the witness is already marked as Ex.P.15 and signature of the witness is marked as Ex.P. 15 (b).

Cross examination by: Sri. MNK advocate counsel for accused:

It is true to suggest that the injuries mentioned in Ex.P.15 may cause to a person in an accident, when a 2 wheeler vehicle hit to the vehicle of Sameeulla by his behind. It is false to suggest that at the time of treatment the sameeulla has stated that the vehicle bearig No. KA 17/H 7774 caused the accident.

(Statement of witness is recorded in the open court and typed by typist)
