Examination in Chief: by Learned APP:

Since from 2001 to till now I am serving as Professor, Head of the Department of dental at Bapuji dental college, Davanagere.

On 27.04.2021 the one by name Indira, aged 34 years approached me with a history of assault which was caused on 10.02.2021 by her husband near Harihara-Harapanahalli highway. The patient also stated that the injury caused to her by her husband with his fist. On examination the right lower lateral incisor tooth was avulsion.

In my opinion there is a possibility of avulsion of tooth as a result of direct in fact from the station. In respect of the examination conducted by me I have given the report to the Rural PS. The report identified by the witness is marked as Ex.P.10 and signature of the witness is marked as Ex.P. 10 (a).
