

CMP.NO.5346/2026

Dated. 13.08.2026

ORDER

Heard both sides and perused the case records. Petition filed by the petitioner/complainant for receipt of additional documents namely the return memorandums, bank account statements and anticipatory bail order. Said documents will become relevant on account of the commercial transactions involved in the case. Hence the contention made by the respondent/accused that those are not relevant for the case and inadmissible are all matter of trial and the accused very well dispute those documents during the exercise of cross examination of the witness. To conclude, the petition is allowed and the additional documents filed by the prosecution shall be received on file. Petition is allowed.
