Complainant is represented but vide petition No. 200/26 once again prayed for adjournement.

Upon perusal of CR it transpires that this is a case of 2022 but till date the complainant despite repeated orders of this Court failed to take steps for issuance of summons against the accused.

Considering the repeated non compliance of the Court's order, it can be safely presume that the complainant is not interested to proceed against the accused any further in the instant case.

In view of the repeated non compliance of Court orders by the complainant, I deem it fit to dismissed the complaint.

The instant complaint is thus dismissed.
