**Cross Examination by Sri. SPK for R3 :**

The accident occurred due to the negligence of car which is come infront of me. I did not given any complaint to the police and I have given statement. Case is filed against me and I have paid the fine by pleading guilty. I have completed ITI. I was at home and not working. We have 50 cents land. I do cooli work. When called for work near my house. Cooli work gets around Rs.600 per day. Some people get more than 700.

It is true to suggest that I suffered only simple injuries from the accident. I have continued going to cooli work. It is false to suggest that I have not suffered any physical disability due to the accident. It is false to suggest that only to get compensation we have filed false documents. It is false to suggest that I have colluded with the opposite car and filed a false case only to get compensation. It is false to suggest that R3 is not liable to pay any compensation.
