

Present: APP for the State.

Summon issued against accused not received back in either form. Perusal of file shows that earlier also notice has been issued to accused but accused did not appear before the court to pay the fine. No useful purpose would be served to adjourn the matter for the same purpose. This court has reason to believe that it will waste the court's precious time, if again notice be issued to accused. The matter is still pending securing the presence of accused only for the last several dates. In view of abovesaid facts and circumstances and also the fact that proceedings of summary challan is hereby ordered to be closed under Section 258 Cr.P.C as it is summary trial. File be consigned to record room after taking a red ink is hereby made to put up the summary challan as and when accused moved an application in this regard.
