

PW-1 recalled and duly Sworn on : 19.10.2016

Further cross examination : By Sri. AHB adv., for accused for A-

1:-

Accused no.1 did not scanned my letter head, witness volunteers that, A-1 scanned my signatures. On the date of knowledge, I was in confusion 20.10.2009. I have lodged complaint on 22.10.2009. Buprenorphine is a drug and Bupregesic is a trade name. Both are one and the same. I had no idea, whether any other drugs contained the contents of Buprenorphine. There are many private practitioners were practicing at Sakaleshapura in the year 2009.

It is true to suggest that, there is no necessity for using my name and my letterhead to get consignment of the above said drugs by the accused persons. Myself and my friends sat together and drafted the complaint. I got it typed from the private typist. I do not remember the exact time of lodging of complaint.

I do not remember the exact time of drawing of mahazar. I know the contents of Mahazar. I do not remember who has signed the mahazar. Firstly police taken us to NS Medicals. Police returned to the police station and drawn the mahazar. I affixed my signature to the said mahazar at Police station.

It is true to suggest that, there exists difference in my signatures in 2009 and the signature of mine on today.

My KMC registration No. is 32387. It is false to suggest that, I have to mention my registration number in my letterhead. Witness volunteers that, I have to mention the registration number only when I prescribe medicines.

At present I am running a clinic at K.R.Puram, Hassan. In my clinic there is one medical stores. I used to prescribe pain killers. It is false to suggest that, I falsely implicated the accused persons.
