MACP No.180 of 2026 Pawan Kumari & Others Vs. Gurbachan Singh etc.

Present; Shri Randhir Singh, counsel for the claimants.

Claim petition under section 166 of M.V. Act received by way of entrustment. It be checked and registered. Now notice to respondents be issued for 29.10.2026 on filing of PF, summons form,copy etc. within week.

Long date is given because this court is designated as an exclusive court to deal with the trial under the category of Prevention of Corruption Act and Haryana Gauvansh Sanarakshan and Gausamvardhan Act, 2015 as per directions of Hon'ble High Court and the actual purpose of creating exclusive court is to meet for early disposal of such cases. This court is also having trials of other sections under IPC and in addition thereto more than 800 cases of civil nature including MACT, Appeals, Civil Miscellaneous Appeals etc. A trial pertaining to Prevention of Corruption Act and Haryana Gauvansh Sanarakshan and Gausamvardhan Act, 2015 being sensitive and lengthy in nature, keeps the court engaged throughout the working day including the Stenos, due to typing work and some times beyond court hours, it is not humanly possible for this court to give short dates in other cases, to record evidence or to hear arguments, particularly when the other trials wherein accused in custody for long are also to be given priority for disposal of their trials. It is not out of place to mention here that while giving next date of hearing, this court is also to see that the work on day to day basis is fixed in the court in the manner that there is optimum utilization of court's time in dealing with miscellaneous applications, bails, recording of evidence in civil and criminal cases and also disposal of cases pertaining to Prevention of Corruption Act and Haryana Gauvansh Sanarakshan and Gausamvardhan Act, 2015. Thus, this court is required to avoid increase in the number of cases listed for a day which otherwise cannot be dealt

judiciously in one day because of heavy pendency on that day. This court is aware of the fact that giving a long date because of heavy pendency, prolongs the disposal of the matter in question, but such long date becomes justifiable if the matter on the next date of hearing is disposed of until and unless there is another urgent/old issue fixed on that day. On the contrary, giving short dates per hearing knowing fully well that the court would not be able to deal with the said case judiciously because of heavy pendency, makes the litigants feel that giving dates is a culture in the court, a fact otherwise not true. Hence, by compulsion this court is to give longer dates, so that prioritized cases to be dealt with by this exclusive court are dealt with in accordance with law on priority and other one are dealt suitably whenever, it is possible.
