

Witness recalled and duly sworn on 30-07-2021.

Cross Examination by BSA counsel for defendants.

I do not know how many pot hissa's have been made in R.S.No.120. As per amended plaint now I am having possession over the land of R.S.No.120/4 measuring about 8 acres 10 guntas. Concerned to above said property we preferred appeal before D.D.L.R authority, but I do not know whether order has been passed or not. It is true we preferred above said appeal by alleging that hissas made in R.S.No.120 were not proper. It is not true to suggest that, further we prayed for cancellation of those sub divisions concerned to R.S.No.120. I do not know when above said hissas have been made in R.S.No.120 by the revenue authority. It is not true to suggest that, defendants are not been encroached in my property. It is true since beginning when podies have been created, since then all are having continuous possession with respect to their podies. Witness volunteers that, in the year 2013 there was a survey conducted by government surveyor, since

then they have dispossessed me from the suit property. The year in which the survey was conducted, in the same year after six months they have dispossessed me. After dispossession I have not put efforts to re-conduct survey in order to assess exact dispossessed area by the defendants. It is true there is no document to say about exact area dispossessed by the defendants. It is not true to suggest that, since beginning defendants are in continuous possession with respect to their share, and they never encroached in my property. It is true in R.S.No. 120 I hold only one pot hissa and rest of all pot hissass have been possessed by the defendants. It is not true to suggest that, the P.T sheet produced by me as per Ex.D.10 and Ex.P.13 have not been finalized till today. It is not true to suggest that, in order to harass the defendant unnecessarily we filed false suit against them and deposing false evidence. It is not true to suggest that, no survey work has been conducted with respect to R.S.No.120/4 and with respect to the other pot hissass of same survey number.

Re-Examination : NIL

(Typed on my dictation in the open court as per deposition of the witness)
