**Chief examination by : R.S.K**

Since 4 years I am working as Medical officer in Community Health center Chitaguppa. I have received summons from the court to produce the documents. As per the order of the court I am producing the register maintained by the hospital. The copy of the register is marked as Ex.R-1.

**Cross Examination: Counsel for the respondent**

It is true to suggest that in Ex.R1 the name of person who told about the history of the accident is not mentioned. In all the cases it is mandatory to report about the accident cases on the same day to the police station and in this case also it was reported to the police.

The patient has taken first aid in our hospital and was referred to Bidar.

Counsel for the petitioner submits no cross examination.
