

5C.R.P.67

Form No.4 (Civil) Deposition Sheets (R.P.No.57)

I ADDL. DISTRICT AND SESSIONS JUDGE, MANDYA.

SC NO.97/2021

Pw27.

Witness duly sworn on 15.04.2026

Witness name	Dr.Shanaz Fathima
Husband Name	Mohammed Ibrahim
Age	51 years
Occupation	Assistant Director, DNA section, FSL, Bengaluru.
Residence	Bengaluru.

Chief examination : by Public Prosecutor.

- 1) Since 2004, I worked in various capacities at FSL Bengaluru and now I am working as Assistant Director at the said FSL.
- 2) On 06.05.2021, our office received 2 sealed articles from DySP, Mandya sub division relating this case, through PW19- HC210 – Srinivasa of Central Police station Mandya. The said case and articles were registered at our office in No./DNA/471/2021. The said case and articles are assigned to me for examination.
- 3) I received the said articles and those articles were duly packed and sealed. The seals were tallied with the sample seal sent by the IO.

- 4) While I opened the articles, I found :
- i. Item No.1: One sternum bone.
 - ii. Item No2: One incisor teeth.
- 5) I subjected the aforesaid articles for DNA examination. Based on my DNA examination, I found that, the sternum bone and incisor teeth in item No.1 and 2 were human origin and male sex.
- 6) I prepared the FSL report and handed over to our Director to forward the said report and the articles to concerned I.O.
- 7) Now I can identify the FSL report, sample seal and the articles examined my me. The witness identified FSL report and sample seal. FSL report with the sample seal is already marked as Ex.P.66 and signature of the witness is marked as Ex.P.66(b), (c), (d), (e) and (f).

Cross examination by Sri. KTS advocate - Chief defence counsel for accused :

- 8) It is true to suggest that, there is no reference in FSL report, to whom sternum bone and incisor teeth pertains to.

(Typed on my dictation in the open court).
