Examination in chief by advocate for applicant U.N. Mehta-

From May 2018 I am attached to K.E.M. Hospital. Our hospital has received summons from the court. Accordingly, I appeared before the court for leading evidence. On last date I have produced original case papers of Ravindra Shinde on record. Verified copies of said medical papers are already filed on record by the applicant. Applicant Ravindra N. Shinde was admitted in K.E. M. Hospital from the period 30/01/2019 to 26/02/2019. As per the case papers which are in my hands, Ravindra was admitted in the hospital because of the injuries in the road accident near Vashi. As per record, Ravindra has sustained fracture to right proximal tibia. As per record, Ravindra was operated for the fracture injury sustained to right proximal tibia. In the operation plating was done. Now verified copies of the medical papers shown to me. Said papers are correct as per the original papers which I had produced on record on last date. Verified medical papers are collectively marked as Exh. U-28 (total 35 papers)
