

Deposition of witness no.11 for the State

I do hereby state on solemn affirmation that
My name is :- Dr. Dilip Janardan Bhojne
age: 45 Yrs. Occup. : Medical Officer,
R/o – Primary Health Centre, Kawthe,
Tal. Wai. Dist, Satara.

Examination in chief by APP Shri. A. V. Rajput for state.

On 09/05/2022 I was posted as Medical Officer at Rural Hospital, Dahivadi. On that day, at 10.45 a.m. Prakash Raghunath Magar came to the rural hospital with police reference letter.

2. Firstly, I examined Prakash Magar. He told the history of alleged assault. I found following injuries on his body.

1. Contusion over right forehead measuring 2x3 c.m.
2. Contusion over right frontal region measuring 4x3 c.m.
3. Blunt trauma on right eye.

The first and second injuries are simple in nature. These injuries were within 6 hours. It was caused by hard and blunt object. Third injury was grievous in nature. CT scan of the third injury shows right frontal sinus interior wall fracture. Third injury can be possible by weight i.e. M.O.1. First and second injury can be possible by feast and blows. After examination, I issued medical certificate. Now the said medical certificate is shown to me. It is in my handwriting. It bears my signature. Its contents are true and correct. Hence, it is given **Exh.56**.

I have also given my final opinion on the letter at Exh.43 by stating that third injury can be possible by weight i.e. M.O.1.

Cross-examination by Shri. M. M. Patil Adv. for the accused.

3. It is true to say that the we issue medical certificate on the basis of M.L.C register. I have not produced that M.L.C register. It is not necessary to verify the medical certificate by M.L.C register. We always take thumb impression of patient on M.L.C register. I can not remember the medicine prescribed to the said patient. I can not tell the inward number of the police

reference letter. I have prepared the medical certificate on the basis of CT scan report of Dr. Ujjawala Jadhav. I have issued medical certificate on 18.05.2022. The CT scan report is dated 20.06.2022. It is not to true say that I have not registered name of patient in the M.L.C. register. It is not to true say that I have issued false medical certificate. It is true to say that in medical certificate the weapon mentioned as wooden stick. It is true to say that it is necessary to mention identification mark of patient in medical certificate. It is also necessary to mention condition of injury in medical certificate. The color of third injury was black. The color of first and second injury was reddish. There was swelling. First and second injury is in rectangle shape. It is true to say that if there is injury on forehead then there is possibility of swelling near eye. It is true to say that the injuries caused to the patient may be possible by falling on ground. It is not to true say that the patient never come to Rural Hospital Dahiwadi. It is not to true say that the patient never came to me therefore I have not produced M.L.C register. It is not to true say that I have mentioned wrong injuries in medical certificate. It is not to true say that I am giving false evidence.

Cross examination over.
Re-exam. Nil.
