Bhim Saini Vs. Preeti Sharma

Present: Sh. Vijay Sharma, Ld. Adv. For complainant.
Accused on bail with Sh. Sachin Nanda, Ld. Adv.

Today the matter was fixed for serving notice of accusation upon the accused. However, learned counsel for accused has stated at bar that he had already filed a revision petition against the order dated 10.5.2024 passed by the court of undersigned. He requested that the said revision petition is pending for today only and present case be adjourned beyond this date so that an effective order can be passed in that revision petition. Perusal of the file shows that its being 7 months that order on the application for discharge of accused had been passed and from that day notice of accusation cannot be served upon the accused. It is causing unnecessary delay in the proceedings of the case and further unnecessarily harassing the complainant.

However, considering the fact that revision petition has already been filed and serving of notice of accusation will make that petition infructuous this court deems it fit to adjourn the matter for **30.1.2025**. Since there is no stay order in the present case therefore accused cannot seek adjournment as a matter of right. Now to come up on **30.1.2025** for serving notice of accusation upon the accused, **subject to cost of Rs.500/- to be paid by accused in DLSA.**
