

**TRF/
State of Haryana Vs**

Present: None.

Summons issued against the accused received back unserved. Perusal of the file reflects that various processes have been issued against the accused on the address mentioned in the challan for securing his presence on several occasions, but his presence could not be secured due to one reason or the other. That being the case, further issuance of processes would be a sheer waste of precious time of the court and it would also put unnecessary burden on the State Exchequer. In these circumstances, the instant proceedings are ordered to be closed under Section 258 Cr.PC with the rider that if the accused subsequently appears or if the prosecution is able to procure the correct address of the accused at any stage, the instant proceedings shall be revived on application of either party. File be consigned to records after due compliance.
