

**Order below Exhibit No.1 in H. M. P. No. 94/2026.**

Both parties are present before me. Their marriage is solemnized on 01-12-2019 and they are residing separately since 01-01-2021 which is clearly showing that present petition is filed after lapse of one year from date of marriage and they are residing separately for more than one year. Moreover, I myself verified from them that present petition is filed by them without obtaining consent by force, fraud or undue influence hence, directed to be received and registered under Section 13(B) of the Hindu Marriage Act. A period of six months is granted to both the parties for reflecting on their decision of obtaining divorce by mutual consent.
