Chief-examination on behalf of prosecution by Ld. APP Shri. V. S. Gavhale-

1. I have done my M.B.B.S. in the year 1990. In 1993-94 I did M.D. Medicine thereafar in 1998 D.M. Cardiology. Since, 2007 I am working with Noble Hospital Ahilyanagar.

2. On 09.10.2017, I was present in the hospital. On that day at around 9.40 p.m. injured Zumbarrao Appasaheb Jagtap had came to me. Relative of patient stated history of assault. Patient was drowsing on arrival. Initially I examined him and found multiple abrasion on the body and scalp of the patient. There was swelling over eye and Nasal bleeding. For further treatment patient was referred to Dr. Amol Kasava (Neuro surgeon) from our hospital. For treatment of eye patient was referred to Dr. Priti Thorat from the same hospital. For treatment of teeth he referred to visiting Dr. Sanjay Asnani. C.T. Scan of brain of patient was taken in our hospital.

3. After C.T. Scan I found right temporal and parietal skull bone fracture. Scalp contusion on right parietal and temporal region. Pneumocephalus with a midline shift to the opposite side and a hemorrhagic contusion. Multiple fracture involving anterior skull base involving walls of the orbit with paranasal sinus. I have original report of C.T. Scan and other reports with me. Patient was given medicine to reduce swelling of brain. On 28/10/2017 patient was discharged form our hospital. From 09/10/2017 to 28/10/2017 patient was admitted to our hospital.

4. On 24/10/2017 police given letter at **Exh. 88** seeking infromation

whether patient is able to record his statment. Exh. 88 letter shown to witness. Same is given to our hospital which bears endoresment that patient is conscious and oriented. On same day police given letter **Exh. 91** for MLC. MLC was issued by our hospital. Now MLC shown to witness, Contents of MLC are written by Dr. Amol Kasva and signed by Medical Administrator Dr. Ranjendra Tippanwar. I recognise his signature as well as contents of MLC as they were from our hospital. Its contents are true and correct. Hence, MLC is Exhibited as **99/PW.7**. Nature of injury was grievous. Said injuries are corresponding with original MLC register and record of our hospital. Now muddemal GMP 78/2023, three wooden log are shwon to witness. Such injuries are possible if person hit by log.
