

**ORDER BELOW EXH.1**

Advocate Shri N.B. Desai submitted that, the petitioners had filed MACP No.39/2018 for getting compensation from respondent Nos.1 and 2. On 12/11/2022, the said proceeding is came to be compromised in between petitioners and respondent No.2. Accordingly, award is came to be prepared. However, at the time preparation of the award, there is clerical arithmetical mistake in clause 5 of the operative order, as though petitioners agreed to get refund in the name of petitioner No.1, the said clause shows payment of Court fees to all the petitioners and thus, he requested for passing rectification order, in original award. On perusal of affidavit of petitioner No.2 and copy of award, I am satisfied that, there is such type clerical mistake and the same needs to be corrected. Accordingly, I pass the following order :-

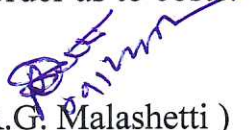

**ORDER**

1) Application is allowed as follows,

a) Clause No.5, in operative order, in Original award of MACP No.39/2018 dated 12/11/2022 be corrected "be refunded to petitioner No.1" instead of be refunded to them.

2) In the circumstances, there will be not order as to costs.
