

MHKO190008582022

ORDER BELOW EXH.6 AND 9

The applicant has filed application at Exh.6 praying for to arrest and keep the non-applicant in the jail and today she has filed the application at Exh.9 praying for issuance of Non Bailable Warrant (in-short NBW).

2. Ld. Advocate for the applicant has put the application (Exh.9) with the bench clerk and went without making any submissions to the court. Perused the record. It shows that distress warrant was issued for recovery of maintenance amount on 28/11/2022, which shows that it was ordered long back. Roznama reveals that, the matter was pending for long time for compliance of the order i.e for filing list of properties for attachment. Till 04/11/2023, approximately for one year, the applicant did not comply with the order. Further, instead of complying with the order, the applicant on 04/12/2023 filed application at Exh.6. Thereafter, the matter was pending for argument on Exh.6 till date. However, today he has filed different application (Exh.9). This shows that the applicant and her Ld. Advocate are least bothered about the stage, the orders and the proceedings going on before the court. It appears that the

applicant is only interested in filing new applications on record.

3. In this background applications at Exh.6 and 9 are rejected. The applicant to comply with order dated 28/11/2022.
