

Order below Exh.35 in RCS No.449/2020.

By this application defendant No.4 has requested for granting permission to submit her WS by condoning the delay, on the grounds mentioned in the application. Plaintiffs have raised objection. Perused application and say. Heard both the sides. Record shows that the suit summons were served upon defendant No.4 and as she failed to file WS, No WS order came to be passed against her on 17/12/2022. From the contents of application it appears that defendant No.4 was continuously ill and that's why she could not submit her WS within stipulated period. However, defendant No.4 failed to file any document on record to show that she was actually ill, as contended. It seems that the application is filed without going through records of the case and in a very casual manner. I find no reason to allow this application and pass following order:-

ORDER

1. The application is rejected.
2. No order as to costs.
