Both witnesses were present on last date also. They were summoned as per the application of complainant at Exh. 263 and 264. The application at Exh.267 is filed on the ground that witnesses have not get the relevant document. The Ld. Advocate of complainant Mr. Dad submitted that the stamp sale register of stamp vendor Kiran Patil is called out by application at Exh.264, was submitted by the said witness in another suit which is pending between the same parties and the same advocate represent the same parties in the said matter. This submission itself discloses that the complainant and his advocate are very well aware of the fact, the stamp sale register was produced in another suit. In spite of that the adjournment applications at Exh.267 and 264 were adduced and the documents were called from the witnesses. Today, sub treasury officer and sub-registrar, Nilanga are present. The Ld. Advocate for complainant appeared and

orally submitted on 12.30 pm for adjournment. The reason of their adjournment is not just. Because both the witnesses are public officers. They were present before the court since last date and today also. Considering their public time and the present matter is lingering without fruitful steps, it will not be just to allow adjournments casually. Moreover, the record discloses that the complainant is not taking proper steps. He used the machinery of court to call the witnesses. Before the dictation of operative order, the court asked to the complainant and his advocate whether he wants to examine present witnesses. The Ld. Advocate refused to examine them. Thus, considering all these facts the witnesses are released and evidence of complainant is closed.
