

ORDER BELOW EXH.1

1. In the present case, the record shows that, on 08.10.2021, report is filed by the concerned police. Thereafter, the case is posted for hearing/arguments by the side of the complainant. However, it appears that, the complainant/his learned advocate is/are reluctant to argue/proceed with the case. No effective steps are taken by the complainant/applicant for fruitful progress in the case till date, at least since November-2021. On many occasions, the learned advocate for the complainant/his assistants, came in the afternoon at about 04.00 pm and without mentioning the matter, they have merely orally taken dates from the concerned clerk. This shows that, they are not prompt/diligent enough to go ahead with the case.

2. Even today, the learned advocate for the complainant sought time to argue/proceed with the case. It seems that the complainant is trying to/having intention of keeping the case merely pending. Therefore, considering the overall record and the time that has elapsed, as a means of last chance, the case is adjourned to next date. The applicant/complainant is/are ordered to take effective steps/argue on the same for productive progress in the case on the next fixed date without fail. If he/his learned advocate does not do so, further orders will be passed against them.
