

ORDER BELOW EXH.1

Today this Court was hearing the bail application no.152/2021 filed by Under Trial Prisoner Nilesh Patil. Said bail application is arising out of present case. Documents filed with the charge-sheet in this case were also referred by advocate for the both parties in their arguments in bail application. It was noticed that there is electronic document filed on record in session case, in sealed envelope, which was received from the Forensic Expert. It is clear that the copy of that electronic document is not supplied to the accused. This Court can go through that electronic document with the help of computer system in the Court, but, in absence of having back up or copies of same, it would be risky to use that electronic document in the form of memory card, as possibility of it getting corrupted cannot be ruled out. So it is desirable to have its back up as well as it is also necessary under law that the accused shall get copies of said electronic document filed alongwith charge-sheet. On last date same point was raised and the matter was adjourned. However, till the date the copies are not supplied to the accused. Hence, following order

ORDER

The investigating officer/Vadkhal police station is directed to collect the sealed envelope containing the electronic documents, from Court and get its copies prepared from the expert at Forensic Laboratory, Kalina, Mumbai which issued the said electronic documents and supply the copy of same to the accused so that proper

opportunity can be give to both sides to put their respective case on the bail application of Nilesh Patil. Director of Forensic Laboratory, Kalina, Mumbai shall get the copies done and send it through police by next date i.e. 27/11/2021, by following the procedure under law.
