

**Criminal Revision Application No.33/2018**

**ORDER BELOW EXH. 1**

Today the arguments advanced by the learned advocate Shri. B.R. Gaikwad for petitioner and learned advocate Shri. Soman for the respondent were being heard. The petitioner has filed private paper book in the Court. However, when the argument was in progress, it was noticed that the evidence before the charge recorded by the complainant and considered by the trial court while passing the order for framing charge is not filed on record before this court. It is further submitted that since the stay is not granted trial court has proceeded with the matter and after charge witnesses are being examined. Under these circumstances, considering the fact that matter is old and material which was before the trial court while passing order is not before this court, call Record and proceeding from the trial court by next date. Advocates for both the parties are directed that on next date they shall conclude their arguments so that this petition can be disposed of at the earliest.
