 IO HC Premchand in person.

Arguments on notice heard.

Ld. Counsel for accused has submitted that the accused has been falsely implicated in this case as no such board/display was ever affixed by the accused with intent to cause defacement of public property.

Ld. APP for the State has submitted that the board/display was affixed by the present case as the said facts are manifest from the statement of witnesses recorded by the IO under section 161 CrPC and also by the photographs which are part of record whereby it is clear that the board/display was affixed knowingly or with intent to cause defacement of public property. Hence, prima facie it cannot be ruled out that no offence was committed by the accused.

In view of the submissions as mentioned above and also on the basis of material placed on record, prima facie offence is made out under section 3 of DPDP Act 2007.

Accordingly, notice has been framed to which accused pleaded not guilty.

At this stage, accused has admitted certain documents in terms of Section 294 Cr.P.C. / 330 BNSS. Accordingly, PWs mentioned at serial no.1 & 3 in the list of prosecution witnesses stands dropped.
