

ORDER BELOW EXH. 46

The present application is filed by the claimant for production of medical bills. In brief, it is the contention of the claimant that he intends to file certain important medical bills to prove his submission and hence permission given to him to produce original medical bill on record.

2. The said application is strongly opposed by the ld. advocate for respondent by filing say overleaf. It is their contention that the author of these documents is already examined by the claimant and hence the production of document cannot be allowed at this stage.

3. Heard ld. advocates for both sides at length. Perused record. In the case in hand it is matter of record that the claimant has already filed on record medical bills about the medication purchased by him. However, the said documents were not signed by the concerned person and now the claimant intends to file on record the same bills which are signed and stamped. As the copies of the documents are already on record, no prejudice will be caused to the respondents and burden on claimant to prove the documents. Accordingly in the interest of justice I proceed to pass the following order :-

ORDER

Application is allowed and claimant is permitted to produce documents on record.
