**J U D G M E N T :**

Petitioners have sought the dissolution of their marriage by a  
decree of divorce with mutual consent under Section 13-B of the Hindu  
Marriage Act.

2.             The present petition for divorce by mutual consent has been  
jointly filed by the petitioners, being the husband and wife with the  
averments that their marriage was solemnized on 22.11.2023 according to  
Hindu rites and ceremonies at Rohini, Delhi. That after the marriage, they  
lived together as husband and wife at Panipat and their marriage was  
consummated but no child was born out of their wedlock. That due to

different taste, temperaments and misunderstanding, they could not understand each other. That they started to live separately since 30.10.2024. That they as well respectable people of the biradari tried their level best to reconcile the matter but in vain. Now, they have decided with their free will and consent to dissolve their marriage. That the parties to the petition have already settled their matrimonial disputes in regard to property, permanent alimony/present, past and future maintenance. That both the petitioners with their free will and their mutual consent have decided to dissolve the marriage. Hence, the petition under Section 13-B of Hindu Marriage Act.

3. At the time of first motion, joint statement of petitioners was recorded on 24.12.2025. It was stated that their marriage was solemnized on 22.11.2023 according to Hindu rites and ceremonies at Delhi. Due to their temperamental differences, their relations became strained. The parties have been living separately since 30.10.2024. No child was born from this wedlock. Despite best endeavours made by them, their parents, relatives and friends for reconciliation, their matrimonial dispute could not be settled. It had become impossible for both of them to reside together as husband and wife under one roof and there were no chances of reconciliation. They have mutually decided and agreed to dissolve their marriage with their free consent and will.

4. On the second motion i.e. today on 08.07.2026, joint statement of petitioner no.1 and petitioner no.2 again recorded. It was stated that there are no chances of reconciliation. The parties have resolved all their disputes with free consent and without any force or coercion. Thereby, all the claims

regarding *Istridhan*, dowry articles, past, present and future maintenance as permanent alimony etc. have been settled with a lump sum of Rs.8,00,000/- out of which an amount of Rs.4,00,000/- (Rs.2,00,000/- in cash and Rs.1,00,000/- in the account of father of petitioner no.2 and Rs. 1,00,000/- in the account of brother of petitioner no.2) has already been paid by petitioner no.1 to petitioner no.2 at the time of statement of first motion and the remaining amount of Rs.4,00,000/- (Rs.2,00,000/- in cash and Rs.1,00,000/- in the account of brother of petitioner and Rs. 1,00,000/- in the account of father of petitioner no.2) is paid today by the petitioner no.1 to petitioner no.2. Except this case, one petition U/s 13 of HMA was filed by petitioner no. 1 which has already been withdrawn by him. They have mutually decided and agreed for dissolution of their marriage. The parties prayed that decree of divorce may be passed in their favour.

5. I have heard the petitioners as well as the learned counsel for the petitioners and have gone through the case file. The parties have categorically stated that there is no possibility of them living together as husband and wife. The learned counsel for the petitioners as well have submitted that there is no possibility of reconciliation and therefore, a decree for divorce may kindly be granted.

6. After hearing both the sides and considering the arguments advanced by the learned counsel for the petitioners, the court is satisfied as to the genuineness of the plea of the parties put forth in the petition. Section 13-B of the Hindu Marriage Act, 1955 provides for divorce through mutual consent. The very basis of the present provision under law is to allow a

decree to be passed in favour of parties when the divorce is on basis of a compromise. A decree of divorce by mutual consent can be granted when the court is satisfied that though the marriage was solemnized between the parties, but now they have not been able to live with each other and are living apart for more than a year before presenting the petition. From the statements recorded in the court, it emerges that parties have parted ways and have been living separately for a long time and the averments contained in their petition are duly supported by their respective affidavits also and there have been no chances of reconciliation between them.

7. In view of the above discussion, the petition is allowed with no order as to costs and a decree of divorce under Section 13-B of the Hindu Marriage Act is hereby passed. Decree sheet be prepared accordingly. File be consigned to the record room after due compliance.
