Cross Examination-

The Government acquired part of land in Survey nos. 167/1A, 163/2, 163/3 and 168.

The total extent of land acquired by government situated in all the 4 survey nos., comes to 2.53 acres. For forming 6 lane high way the land was acquired by the government. I was aware of the publication made by government dated 24.04.2009.

The award number is 1/2021, dated 10.02.2021. I received the compensation amount from special Thashildar subject to protest made by me. The total compensation amount received by me was Rs.1,25,00,000/-. In the month of march 2020 the special

Thashildar called for a meeting in which I submitted my objection in writing. I am sure that, the meeting was convened in the 1st week of March 2020 before pandemic lockdown. I made my objection in the form submitted by the special thasildar on the reverse side and hence, I am not in a position to produce the copy of my objection. At the time of asking for enhancement in value, no document was produced in support of it to the special thasildar. Later only the value of Rs.1,25,00,000/- was arrived by the government. I am relying upon the sale deeds filed in the original petition namely Ex.P14 to P21. I deny the suggestion that, I cannot rely on the sale deeds dated 02.04.2007 obtained two years prior to sec.15(2) notification. I deny the suggestion that the other sale deeds which are post notification cannot be relied on by me. I deny that the valuation report privately obtained by me cannot be relied upon and it cannot come to my rescue. I stoutly oppose the suggestion that, I am not entitled for enhancement of any compensation from government.

Re examination- Nil.
