**Crlmp No.308/2026**

The complainant side filed this petition under section 147 of the Negotiable Instruments Act, 1881 signed by the complainant and both counsels. In view of the compromise, both the parties prayed for compounding of this offence. Considering the facts and circumstances of the case on hand, the nature of relationship between the parties and also considering the fact that the offence under section 138 of NI Act is compoundable in nature, this court deems it fit to allow the petition on satisfaction that the dispute between the parties are settled out of the court.

In the result, this petition for compounding is allowed and the offence is compounded. No costs.
