ORDER

(i) Heard the Petitioner side. Records perused. Orders pronounced at 10:30 am today in open court.

(ii) The Petitioner and Respondent in the above mentioned interim applications are same. These petitions are filed to re-open the respective interim applications which were filed to receive additional documents. The Respondent side endorsed no objection to these petitions. This court on perusal of records sees that the Petitioner after taking several adjournments from 17.12.21 for his reply did not argue it till 29.11.22 and this court finally closed his reply. But filed these interim applications to re-open it only for the purpose of advancing his reply argument. The main interim applications were filed to receive additional documents but the Petitioner without pursuing it effectively kept it pending for long time. The Respondent even though had endorsed no objection this court finds that the attitude of the Petitioner has to be deprecated by levying suitable costs.

(iii) In the result these interim applications are allowed on condition to pay cost of Rs.400/- each and in total Rs.2,000/- to any old age home or orphanage home at Uthamapalayam. For filing cost memo c/o 19/1/23.
