IN THE COURT OF SMALL CAUSES **M.V.C. NO.1116/2024**

Duly sworn on: 23.07.2025
R.W.1

DEPOSITION OF : Abinay
FATHER'S NAME : Ramakrishna Reddy
AGE : 39 years
OCCUPATION : Casualty Medical Officer, Govt. Hospital,
Chintamani.
RESIDENCE : Chintamani

EXAMINATION IN CHIEF BY COUNSEL FOR RESPONDENTS:-

Today I come to this court in pursuance of summons issued by this court and I have produced certain documents which are in our custody and the same are marked as follows:

Ex.R1	Certificate
Ex.R2 & 3	True copy of MLC and police intimation (Originals are compared with notarized copies, found correct and returned to witness)

From past 2 years I am working in the Govt. Hospital, Chintamani and the Ex.R2 was written by me. As per the contents of Ex.R2 the patient by name Reddy S/o Gangaraju came to our hospital with the alleged history of RTA two wheeler V/s two wheeler at Bandikota at 8.00 Pm on 06.09.2023. the patient was conscious as

such the said information was given by patient Reddy.

CROSS EXAMINATION BY COUNSEL FOR PETITIONER:

The patient Reddy was accompanied with one Syamala who said to be the wife of the patient. It is false to suggest that in the Ex.R2 we have taken the LTM of the patient. As per the say of the patient the name of the father of the patient is mentioned as Gangaraju. As per the clinical examination at that time we have found there was a right knee open wound, right calf open injury, right foot crush injury and right wrist fracture closed wound. It is true to suggest that there is chances of saying two wheeler v/s two wheeler even though the accident was caused by the four wheeler due to the pain.

It is true to suggest that in the page No.126 of MLC register of Chintamani hospital one Patient Madesh S/o Reddppa was brought to the hospital and even he was accompanied with one Syamala. It is true to suggest that in front of the name of said Syamala we have written as wife in bracket and there after I have straight out the

word wife. Further witness voluntarily stated that the said word wife was written by mistake as such it was straight out by me. It is true to suggest that in page No.126 of MLC register we have taken the LTM of the patient.

Re-Examination: NIL

(Computerized to my dictation in the Open Court)
