Session Case No.162/2022
State of Maharashtra Vs. Kailas Rambhau Girwale and others

ORDER BELOW EXH. 88

The applicant/accused Sagar Babanrao Shinde filed present application to grant no objection from this Court for applying for passport in concerned office. According to him the concerned office put condition to bring no objection for issuing passport and accordingly, he prayed for the same.

2. Prosecution filed say at Exh.98. According to it offence is serious. The accused took active participation in procession which was supporting terrorist organization. There is every possibility that he may abscond from the justice if he will succeed in getting passport. On these grounds, it prayed for rejection of application.

3. Heard both sides. From perusal of the application and submissions therein, the applicant only want no objection for obtaining new passport. By obtaining passport itself, I find that it will not cause prejudice to prosecution case if certain conditions would be imposed on the applicant in respect of use of passport. In my opinion, in this backdrop, the application can be allowed. Thus, following order.
