ORDER

06.12.2022

The up-to-date CD as called for has been received.

I have perused the injury report of the victim Rajubala Das and the concerned medical officer stated that no external injury is found dated 03.12.2022.

In my considered view, as the incident took place on 23.10.2022 and the victim was examined after almost 40 days of the incident by the concerned doctor, therefore the concerned doctor may not get any external injury on the victim. In absence of any external injury found by the doctor, the offence u/s 307 IPC does not attract herein and except the offence u/s 354(A)/307 IPC, rest offences are bailable in nature. Further, considering the length of detention of the accused in jail hajot, I believe that further detention of the accused person will not serve any purpose. Moreover, the investigation of this case has almost been completed.

Considering the above aspects, accused Laba Das is allowed to go on bail of Rs. 15,000/- with one surety to the satisfaction of Ld. Eleka Magistrate.

Return the CD.
