

Witness present and duly sworn in on:12.10.2018.

Chief Examination by Sri. Advocate for Petitioner.

I have filed my affidavit in lieu of my examination-in-chief and the contents of the said affidavit are true and correct and it bears my signature.

Today I have produced the following documents in support of the case:

Ex.P.16 inpatient case sheet

Cross examination by Sri. Advocate for R.1.

I am one of the treated doctor in the team. The patient did not come to me for assessment of disability, thereby I did not file report in that respect. The petitioner has taken regularly follow up treatment and dressing. I have examined the patient recently and I have found pain, swelling in the foot , limps and non healing ulcer in the injured area. The witness further explained the non ulcer is due to poor immune system in our body. I did not get check x ray , therefore I do not know the fracture is healed or not. It is false to suggest that since the injuries are fresh he is facing such difficulties. The witness volunteers that this time it must healed.

Re examination : Nil

(Evidence deposed by the witness is computerized to my dictation in the open court).
