

Title suit No.1094/2018

Order No. 25 / dt. 17.04.2019

Plaintiffs take step through their Ld. Advocate.

Defendants also take step through their Ld. Advocate.

Today is fixed for further hearing of the injunction petition filed by the plaintiff.

Accordingly, matter is taken up for hearing.

In course of hearing the submission made by the Ld. Advocate appearing for the defendants on the point of hearing of injunction petition filed by the plaintiff, the Ld. Advocate appearing for the defendants has shown xerox copy of master plan of the suit premises and at the time Ld. Advocate for the plaintiff has raised objection and submits that the xerox copy of master plan was not supplied. Ld. Advocate for the plaintiffs further submits that this plan has been revised subsequently and final revised plan is in the custody of Kolkata Municipal Corporation and time is required to submit that copy of final revised master plan.

Since I am hearing the injunction petition filed by the plaintiffs and another injunction petition also filed by the defendants in respect of their counter claim. Being court of justice I think that all the documents are required to be looked into before properly disposal of the injunction petitions.

So, today case is adjourned for further hearing of injunction petition and plaintiffs' lawyer is hereby directed to file copy of final revised master plan after supplying copy to the other side.

Fix 30.04.2019 for hearing injunction petition. In the meantime copy of final revised plan to be submitted by the plaintiffs after supplying copy to other side.

D/C by me.
