Later.....

One application for bail is filed subsequently. Seen the bail petition. Ld. P.P. raise objection and says that if any adverse fact be mentioned in 164 statement of the victim girl bail should not be granted even if the matter be compromised.

Ld. Advocate for the accused stated that at the very outset the defacto complainant files one affidavit and petition saying that out of some misunderstanding he was bound to file this case. As the accused persons have been falsely implicated they are praying for bail.

Having heard both sides. Perused the record including 164 statement of the victim girl, I do not find any reason to grant bail to the accused persons as investigation is going on in the early stage.

Considering the facts and circumstances the prayer for bail is rejected.
To date.
